# **GAME OF SOCCER** IS BEING BOOSTED

Meeting Called for Friday Night to Discuss Ways and Means to Stir

Next Friday night a meeting will be held to discuss ways and means of pop-ularizing association football in Utah. William Service will be chairman of th

ularizing association football in Utah, William Service will be chairman of the meeting.

A decided boost to the game throughout the country has resulted, since Coach Stagg of the University of Chicago and Coach Hurf of the University of Illinois, have scheduled an association football battle between their universities next fall. The two coaches say this initial intercollege "soccer" contest is probably the forerunner of annual association schedules between the "Big Eight" institutions.

Casper Whitney, a well known American sporting man, in an article in Coller's Weekly of Jan. 8, 1910, strongly favors the game and recommends its adoption in the public schools of New York, and all the schools and colleges throughout the country.

There is no doubt, there are many who would enthuse over the sport if they know the game. Some wise ones have said it is not manly enough and too gentle, owing to the fact that there is small chance of half killing a man, under the rules. One may as well apply such a statement to baseball, as in this great game roughness is eliminated, but it is no less exciting and manly. When two crack soccer teams meet, the game is as fast as basketball only on a larger scale, the ball being flashed up and down the field by the feet of the players, the hands not being used at all except by the goalkeeper; individual dribbles and combined machine-like movements make the game very spectacular, so spectacular in fact, that attendances of over 100,000 and 60,000 are of kill rather than strength, although a man must have a fairly good physique of kepp on the run and dodge for 90 winutes, with only 10 microsted in the game are cordially invited to attend the meeting to be held Friday night at Gibson's cafe, 63 east First South street, at 8 o'clock.

CLASS BASKETBALL

### CLASS BASKETBALL AT HIGH SCHOOL

There were two lively class basketball games at the Salt Lake high school Wednesday afternoon when the seniors and freshmen, girls' teams, clashed, and the sophomores and juniors fought it tout. The seniors defeated the freshmen by a score of 25 to 6, and the sophomores defeated the juniors, 7 to 5.

The contests marked the close of the first half of the interclass series at the high school, and the seniors and sophomores are now tied for championship lenors.

marked out, and matches are arranged. The dukes and the tradesmen, the pastors and their flocks, play together. A true curler and a good man are synonymous, and they are the only qualifications sought for. The game has been popular in Scotland for at least three centuries. It is thought that toward the latter part of the fifteenth century the sport was introduced into that country by Flemish merchants. The game had its first reg-

ular start on this continent under the auspices of the Montreal club, which was organized in 1807. From that time on the sport has steadily increased in popularity here. In the United States nearly every city where ice forms on the lakes or rivers curlers can be seen daily participating in their favorite pastime. RED STREAKS OF HONESTY EXIST IN EVERYBODY

Thereby we collect more money from honest debts than any other collection agency in the world. The idea that people whose claims are turned to us for collection are dishonest, and will not pay until they have to has long ago been discarded. We collected money for all of the following. Read the list, you will know some of them:

Claims are not turned to us for collection because people have less confidence in the integrity of their debtors, but because they need the money. People will pay their honest debts. We are proving it every day in the year. This Association collects for the merchants, bankers, doctors, waiters, cooks, sheep-herders, barbers, dressmakers, miners, and, in fact, everybody everywhere and in your town. We will collect some money for you if you turn in your claims.

Local Fans Greatly Interested in Con test at Salt Lake Theater Friday Night-Winner Meets Yokel.

Harry Heagren is arranging for a num ber of high class wrestling matches to take place in this city in the near future, the first being scheduled for Friday night at the Salt Lake theater when Gus Anderson and Stanley Karp will again meet on the mat. In the Ogdenl

again meet on the mat. In the Ogdeni match Karp won in two straight falls but Anderson claimed the altitude was too much for him and he asked for a return match. Karp readily consented and declares he will again defeat the clever mat artist from Kansas.

Both men are now in splendid form and ready for the fray. Anderson says he will win. Karp says he will again be the victor, so with both in good shape and full of confidence, the fans should see a great contest. The winner will be matched to meet Mike Yokel, the crack of the Y. M. C. A. As a preliminary to Friday night's contest, Dale Dean will attempt to throw Arthur Macke twice in 30 minutes. Dean is a middleweight and Macke a welterweight, and both are of the Y. M. C. A. The winner of the match with, Yokel will then be required to go against Al Ackerman.

### LITTLE FELLOWS ARE TRAINING FOR BOUT

Peanuts Sinclair, the clever little boxer of the Manhattan club, and Tommy Fitzgerald, have settled down to active training for their lor-round contest to take place on Jan. 19. Sinclair will do his work at the club sym and Fitzgerald will be trained by Andy Malloy at Murray. The youngsters have \$200 each as a side bet and this indicates they mean business. The place where the bout is to be held has not been decided upon yet. The boys are to weigh in at 120 pounds.

#### Y. M. C. A. FIVE WINS FROM UNIVERSITY

Although it was announced only as a practise game, the basketball contest Wednesday afternoon at 5:20 between the Y. M. C. A. and the University of Utah five proved one of the most exciting contests ever seen in this city. The association five won by a score of 35 to 29. At the end of the first half the university boys were in the lead, 17 to 11, but to ward the close of the second half the association boys came back with a rush that was too much for the boys from the bench and they were defeated by the score stated above. Both teams played a brilliant game and greatly pleased those who were fortunate enough to see the contest. The line-up was as follows:

### Timer-Maddock MISS CHATTERTON WINS MEDAL IN FAST RACE

Miss Effie Chatterton was the winner of the gold medal in the roller skating couple race Wednesday evening. The contest was witnessed by a large crowd and the spectators greatly enjoyed the test of speed between Miss Chatterton and Miss Fellows. Joe Bowen skated with Miss Fellows and Lawrence Vance with Miss Fellows and Lawrence Vance with Miss Chatterton. The race was for half a mile and the contestants started from opposite sides of the course, six laps to the half mile. For four laps they was little if any difference, but in the fifth Miss Chatterton and her partner made a gain that gave them the race by nearly a quarter of a lap.

This evening Eph Jacobson will be one of the principals in the second race of a series for the state championship. His opponent will be Clyde Schofield and the roller fans look for a fast race, Jacobson meets Fenton Hardy Saturday night and one night next week will be given a chance to win the state championship from Willie Schatz.

Brown of the Y. M. C. A. Mr. Brown is going to the Philippine Islands to take charge of physical culture work of three associations there. Mr. Brown was with the local association for four years ano made many friends as well, as an enviable record as an athletic director and his friends wish him success in his new nostition.

### NO BASEBALL ROW.

Chicago, Jan. 12-Garry Herrmann, chairman of the National baseball comchairman of the National baseball com-mission, conferred with representatives of the local semi-professional baseball teams here today and it is said that plans for a working agreement were ar-ranged. Some local teams have been classed as "outlaws" because of the pres-ence of players who have been declared ineligible by the national commission. It is the present plan, if agreed on, that the semi-professionals are not to play ineligible players on their teams, while organized baseball teams will be required to obtain the consent of own-ers before taking players from the semi-professional teams.

# PAULHAN MAY FLY

Enthusiastic Admirers Present French Aviator With \$500 Silver Cup-This Is Pasadena Day

Los Angeles, Cal., Jan., 13.-Exhilarated by his easy success in breaking all high flight records, Louis Paulhan, the French aviator, who became a world hero by his exploit of yesterday, may next essay a flight to San Diego, which lies more than 100 miles southward in an air line from the Dominguez aviation field.

field.

After enthusiastic visitors from the southern city had presented Paulhan with the \$500 silver cup trophy for his thrilling achievement they extended him a pressing invitation to visit San Diego, "at your convenience."

with the \$500 silver cup trophy for his thrilling achievement they extended him a pressing invitation to visit San Diego, "at your convenience."

Paulhan replied: "Not mine, but my engine's convenience."

When he was asked today if that meant that he would attempt such a flight he answered.

"It is not impossible. In endurance tests other aviators have traveled more than 100 miles, though never between cities that far apart."

Then he recalled the fact that Curtiss machines have fuel capacities for flights of 10 hours' duration at 30 miles an hour, and remarked that as his Farman biplanes were much larger, with correspondingly larger motors and tanks he saw no reason why he should not make such a flight.

This, however, is Pasadena day at Aviation camp, and that may suggest to the Frenchman a flight to Pasadena instead.

BEAT RECORD 800 FEET.

BEAT RECORD 800 FEET.

BEAT RECORD 800 FEET.

The exact height Paulhan reached yesterday in his marvelous flight is yet in doubt. The judges are still working out the figures of the triangulation. But it is certain that he has surpassed Latham's Mourmelon record by at least 800 feet. The last figures the judges amounted were 4.145 feet, but before the calculations are completed today it may be found that the altitude reached was but 100 or 200 feet less than a mile. In any event the Frenchman has reached the height of the snow-mantled mountains that surround the aviation field. And that is what he said he would do the day he arrived.

Cortland Field Bishop of New York, president of the Aero club of America, was one of the most enthusiastic witnesses of the flight.

"It was a magnificent achievement and one of the most important of the age, he said, and he added that it was all the more marvelous because of the fact that Paulhan has been an aviator not more than six or eight months.

Mr. Bishop first knew him four years ago as the engineer of one of the French government's dirigible war balloons. Before that he is said to have been an aviator by severalls for the spangled tights of the wire performer.

CHAMPION KRAMER

### CHAMPION KRAMER IN SIX-DAY RACE

New York, Jan 12—Frank Kramer, the national sprint champion, is going to join the six-day riders. Kramer, who for 10 years has been the king of cyclists, will make his maiden long-distance effort in the Newark six-day race, which will be held in the First Regiment armory Feb. 7 to 12 Kramer's partner will be Willie Fenn, another sprint crack, who will make his debut in the six-day game also. ## **DEFEATS DE ORO**

New York, Jan. 12.—Fred Earnes of Denver won the world's championship at three-cushion carom billiards tonight from Alfred De Oro, Cuban title holder, in the third block of 30 points played, by a final score of 130 to 137.

De Oro played a plucky, uphill game, scoring 76 to his opponent's 50 tonight, but was unable to overcome the lead of 39 points which Earnes had at the end of the second block last night, when the score stood 100 to 61. Earnes' high run was 4 to De Oro's 5.

#### JOY MILLER MISSING.

Detroit, Jan. 12—Considerable comment has been occasioned by the report that Joy Miller, University of Michigan football player, has been missing since Jan. 4. He left Detroit ostensibly to go to Ann Arbor to reply to charges that resulted in his selection as football captain being repudiated on the ground that he had not been a regular enrolled student during the football season. Miller's father, James C. Miller, said today that criticism and football injuries had possibly unsettled the young man's mind. Mr. Miller said he had made every effort to locate his son, but without success.
